

SUMGAYIT STATE UNIVERSITY

REFLECTION OF ALEKANTE VISIT (study visit) in the frame of ERASMUS+ EQAC project

03-07 June 2019

Trainers: Dr. Georges Dafoulas, Dr. Daniese Galvin, Dr. Victor Kordoz, Reda Mikalauskaite, Guillermo Bernabeu, Sue Bailey, Ruth Garter, Ester Boldrini,

Trainers were professionals, venue and organization was also in good condition. Some topics were very useful and related to the project aim. Campus tour, visit to the library and museum of the Alikante University made a deep impression on us.

Training session on innovative teaching, learning and assessment methods, key performance indicators were in high level.

Training on Tablou was not clear due to the lack of time. Group works were good idea, we tried to design SWOT analysis on ESG-s and etc. Much time we had to spend to group working.

No participation at the classes. When we attend at Dr. Georges' classes in Middlesex University we saw that this experience was productive. We think that as this visit meeting was study visit we had to learn much and gain much experience.

Compiling of agenda was perfect. There were detailed information about topics and trainers.
