

A questionnaire regarding the study programme

By this questionnaire we seek to find out your opinion about the entire programme of the studies (not about a separate subject or a particular lecturer). The results of the questionnaire will be used to improve the quality of the studies. The questionnaire is anonymous.

Thank you for your cooperation!

Please mark **only one** variant of the answer in each row.

General information about a respondent

Faculty: please choose from the list

The cycle of study:

first (Bachelor studies)

second (Master studies)

Study programme: please choose from the list

The year of studies: please choose from the list

Group: please enter your group

Membership in student organisations:

I am a member of a student organisation (please indicate the name_____)

I do not belong to any student organisation

Status in the labour market:

I am employed

I am unemployed

For how long do you work in a week:

I have full-time job and work every day

I have half-time job and work every day

I have less-than-half-time job and work every day

I have a rolling rota job for every few days

I have a rolling rota job for days and nights

What is your job:

My job is related to the profession of my studies

My job is partially related to the profession of my studies

My job is not related to the profession of my studies

Age:

18 – 20

21 – 23

23 – 30

31 – 40

41 and older

Gender:

male

Female

Special Needs:

I am a person with special needs (I have a disability)

The (annual) average of academic record: after filling in the questionnaire it is automatically attributed from IS system (if it is possible)

The diagnostic unit of the motivation of a respondent

Your attitude towards the studies (only one variant of the answer is available)

I have studied all the subjects of the study programme in systematic and responsible manner

In systematic and responsible manner I have studied only those subjects which, to my opinion, will be required in the future

I have studied only to such extent so that during tests I could receive a positive evaluation

I haven't got enough of time for studies and relied on accidental success during tests and exams

Other (please specify)

Your attendance (please opt only for one variant of the answer)

I have consistently attended all lectures, seminars and practical classes

I have consistently participated only in seminars, practical classes and mid-term tests

I have missed many lectures, seminars and practical classes

I haven't attended lectures and seminars (practical classes) as I have studied on my own

Other (please specify)

Based on your opinion, please select and tick the most suitable description (answer) for every given statement (question)

The objectives of the study programme and the results of the studies

<i>Statements</i>	I fully agree with it	I partially agree with it	I do not have my opinion on that	I tend to disagree	I completely object to that
<i>At the beginning of the studies the supervisor of the study programme clearly explained what I should learn, understand and/or be capable of delivering after I graduate from the studies</i>					
<i>The lecturers introduced how the objectives of each subject of the studies and prospective study results are related to the general objectives of the study programme and prospective study results.</i>					
<i>The information about the study programme is explicitly defined on the internet website of the university</i>					

The content of the study programme

Statements	I fully agree with it	I partially agree with it	I do not have my opinion on that	I tend to disagree	I completely object to that
<i>The ratio of lectures, seminars and exercises is appropriate</i>					
<i>The ratio of contact work (lectures, seminars, exercises, tests etc.) and independent work is appropriate</i>					
<i>During the studies I had enough time to accomplish all the study tasks</i>					
<i>The subjects of the study programme and their content do not overlap each other</i>					

Please enter the subjects that overlap each other _____

Methods of the studies and evaluation of the study results

Statements	I fully agree with it	I partially agree with it	I do not have my opinion on that	I tend to disagree	I completely object to that
<i>Methods of the studies (lectures, work in groups, discussion, case analysis, solution of problems etc.) were interesting, students were involved in to the active learning process</i>					
<i>The applied methods of evaluation of study results (tests (written questions of open and closed type), verbal questionnaires, written analysis of the sources, solution of practical (problematic) situations, essay writing, project works (individual and group), reports, preparation and delivery of presentations etc.) were suitable for evaluation of the acquired knowledge and skills</i>					
<i>All study subjects were followed by the accumulative evaluation system</i>					
<i>The knowledge and skills, acquired by students, are evaluated objectively</i>					
<i>The procedure of preparation and defence regarding the final theses is explicit</i>					
<i>Knowledge and skills acquired by the students were assessed in a transparent manner, in accordance with the principles of academic honesty</i>					

The resources of the study programme

Statements	I fully agree with it	I partially	I do not have my	I tend to disagree	I completely

		agree with it	opinion on that		object to that
<i>New information technologies are actively used in the process of the studies</i>					
<i>There is enough of the literature, compulsory for the studies, in the funds of University library and data bases</i>					
<i>There is enough of the literature, recommended for the studies, in the funds of university library and data bases</i>					
<i>University premises and other conditions for studies are adapted for the persons with special needs</i>					
<i>The lecturers tend to provide every academic help in aiming the learning outcomes of the study programme</i>					
<i>Pro-Dean of the Faculty (Institute) always provides help when required</i>					
<i>Heads of the institutes and departments of the Faculty (Institute) always provide help when required</i>					
<i>Method coaches and manages of the Faculty (Institute) tend to help the students</i>					

Please enter the subjects, the material of which is not updated

Academic support for the studies

Statements	I completely object to that	I partially agree with it	I do not have my opinion on that	I tend to disagree	I completely object to that
<i>The lecturers provide enough of support in preparation for exams (group and/or individual consultations before exams, presentation of additional material)</i>					
<i>The lecturers provide enough material and/or additional information sources for individual work in Moodle environment</i>					
<i>The lecturers provide enough material and/or additional information sources for individual work</i>					
<i>The schedules of the lectures and seminars of compulsory study subjects are made in a rational manner</i>					

<i>The schedules of the lectures and seminars of optional study subjects are made in a rational manner</i>					
<i>I am satisfied with my workload at the University</i>					
<i>A student is motivated to actively study and participate in academic and/or student activity (Students Scientific Society of MRU, Olympiads, competitions, Students Representative Body, etc.),</i>					
<i>Support is provided in forming and/or executing individual study plan</i>					
<i>A sufficient list of alternatively selected subjects is offered</i>					
<i>A sufficient list of optionally selected subjects is offered</i>					

The options for studying

<i>Statements</i>	I completely object to that	I partially agree with it	I do not have my opinion on that	I tend to disagree	I completely object to that
<i>The information about an option for minor studies from another stream of the studies is public and accessible</i>					
<i>The information about an option for studying/completing internship abroad according to international student mobility programmes is public and accessible</i>					

Assurance of the quality of studies

<i>Statements</i>	I completely object to that	I partially agree with it	I do not have my opinion on that	I tend to disagree	I completely object to that
<i>Students can present their suggestions regarding the improvement of the programme and subjects</i>					
<i>The opinion of the students and their suggestions regarding the quality of the studies are taken into consideration</i>					
<i>I am satisfied with the quality of the study programme</i>					
<i>The study programme has met my expectations</i>					
<i>I would recommend to study at MRU for my friends, relatives, colleagues and etc.</i>					

Please specify by what means you presented your suggestions regarding the improvement of the programme and subjects

Please specify why you would recommend or would not to study at MRU for your friends, relatives, colleagues and etc.

Are you going to continue studying for Master's degree? (the question is posed to the students of the Ist level only)

I am going to continue my studies at MRU

I am going to continue my studies in another institution of higher education

I am not going to continue my studies

I do not have opinion on that

Would you be interested to continue studying for Master's degree online?

Yes, I would like to receive the information

No

I do not know, but I would like to receive the information

Are you going to continue your studies for Doctoral degree? (the question is posed to the students of the IInd level only)

I am going to continue my studies at MRU

I am going to continue my studies in another institution of higher education

I am not going to continue my studies

I do not have opinion on that

Are you going to participate in Alumni (ex-students of the University) activity? (the question is posed for only those who answered, for those who selected „I am not going to continue my studies“ or „I do not have opinion on that“ another question is posed)

I am going to participate

I am not going to participate

I do not have opinion on that

Your remarks regarding the study programme that is presently being carried out

<i>Positive and strong points</i>	<i>Weaknesses, shortcomings and suggestions how to improve the program</i>
